

Less Is More: How to Code Python in One Line

Our Mission

Inspiring women to
excel in technology
careers.

Our Vision

A world where diverse women are better represented as engineers and tech leaders

Our Values

- + Focus on the mission
- + Live Leadership
- + Punch above your weight
- + Inclusion at the core

Our Target

Engineers with two or more years of experience looking for support and resources to strengthen their influence and levelup in their careers.

290,000

Members

70 networks in 20 countries

122+ countries

14K+ events

\$1025 daily Conference tickets

\$2M Scholarships

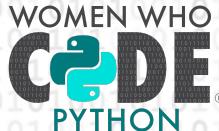

Access to [jobs](#) + [resources](#)

Infinite connections

OUR MOVEMENT

As the world changes, we can be a connecting force that creates a sense of belonging while the world is being asked to isolate.

Code of Conduct

WWCode is an inclusive community, dedicated to providing an empowering experience for everyone who participates in or supports our community, regardless of gender, gender identity and expression, sexual orientation, ability, physical appearance, body size, race, ethnicity, age, religion, socioeconomic status, caste, creed, political affiliation, or preferred programming language(s).

Our events are intended to inspire women to excel in technology careers, and anyone who is there for this purpose is welcome. We do not tolerate harassment of members in any form. Our [Code of Conduct](#) applies to all WWCode events and online communities.

Less Is More: How to Code Python in One Line: Intermediate Session I

Poojita Garg

Karen Wong

Meet your instructor:

Poojita Garg

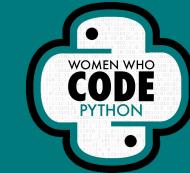

Research Intern at Georgia Tech (USA)
and IIT Ropar (India)

Track Lead at Women Who Code Python

Twitter: @PoojitaGarg

Today's Agenda

1. What is One Line Coding and its benefits
2. Live coding session
3. Q/A

One-Line Coding

“One-Line Coding” refers to writing one or minimal lines of code to perform repetitive functions or processes

Easier to:

- read!
- maintain and debug

Also reduce:

- Local memory
- Complexity
- Execution time
- Confusion especially when the script is co-developed with others

Let's Code!

[click here!](#)

QnA Time!

Coming up in the series !

- Intermediate session 2 on 16 Nov @ 12 AM EST
- Advance session on 30 Nov @ 12 AM EST

Thank you!
